

# CQeST 2026 Workshop on Cosmology and Quantum Spacetime

Tuesday, July 21, 2026

Session3-Tue - Babuda Ballroom, 4F, Ocean tower (4:00 PM - 5:30 PM)

| time    | [id] title                                                                                  | presenter         |
|---------|---------------------------------------------------------------------------------------------|-------------------|
| 4:00 PM | [9] Quadratic effective energy-momentum tensor during Inflation in various gauge conditions | Prof. CHO, Inyong |
| 4:30 PM | [9] Constraining Spatial Curvature with Priors from Swampland Conjectures                   | Dr ARORA, Simran  |
| 5:00 PM | [10] Testing O(D,D) string cosmology based on double field theory                           | Dr ANGUS, Stephen |
