

CQeST 2022

Thursday, June 30, 2022

CQeST Session 3-1,2,3,4 & QnA (2:00 PM - 3:30 PM)

-Conveners: Anirban Biswas

| time | [id] title | presenter |
|---------|--|---------------------------------------|
| 2:00 PM | [10] The Case for Generation Dependent Higgs doublets | Dr ESTHER, Velasco Sevilla Liliana |
| 2:20 PM | [11] Indirect search for decaying dark matter: a generic approach | Dr KAR, Arpan |
| 2:40 PM | [12] Complementarity of experiments in the observation of dark matter-nucleon interaction experiments in non-relativistic effective theory | Mr KANG, Sunghyun |
| 3:00 PM | [13] Reducing the H0 tension with exponential acoustic dark energy | Dr YIN, Lu |
